Year-To-Year Budget Notes

Dunbar's initial formula allocation is \$10,596,907. This is a decrease of \$171,886 compared to last year. School budgets are primarily driven by two key factors: enrollment and unique student need. In SY19-20, Dunbar's projected enrollment was 730. For SY20-21, their projected enrollment is 646, a decrease of 84 students. At the same time, due to an increase in the number of students receiving special education services with less intensive needs, Dunbar requires additional special education staff members, resulting in an increased overall special education allocation. However, due to a decrease in the number of English Language Learners (ELL), Dunbar is receiving a decreased ELL allocation.
