Year-To-Year Budget Notes

Lafayette's initial formula allocation is \$10,230,275. This is an increase of \$732,910 compared to last year. School budgets are primarily driven by two key factors: enrollment and unique student need. In SY19-20, Lafayette's projected enrollment was 931. For SY20-21, their projected enrollment is 981, an increase of 50 students. At the same time, due to an increase in the number of students receiving special education services with less intensive needs, Lafayette requires an increase in the number of special education staff members, resulting in an increased special education allocation. Additionally, due to an increase in the number of English Language Learners (ELL), Lafayette is receiving an increased ELL allocation.
