## Year-To-Year Budget Notes

**Enrollment** 

Dorothy Height Elementary School's initial formula allocation is \$8,318,217. This is a decrease of \$368,050 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, Dorothy I. Height's projected enrollment was 492. In SY2021-22, the school's projected enrollment is 452, a decrease of 40 students. Due to changes in self-contained programming, Dorothy I. Height will house one fewer self-contained special education classroom, resulting in a decreased allocation of staff members. Due to a decrease in projected English Learner (EL) enrollment, the school is receiving one fewer EL staff allocation. The SY2021-22 budget does not include designated funding for Extended Day. Schools may choose to use their flexible funds (e.g., administrative premium) or stimulus funds to support learning outside of traditional school hours. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving 0.5 additional social workers. Dorothy Height is receiving \$45,581 in stabilization.

NEW: Dorothy Height will also receive additional stimulus funding in the approximate amount of \$226,138 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.
