Year-To-Year Budget Notes

Jefferson Middle School Academy's initial formula allocation is \$6,114,503. This is an increase of \$566,748 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, Jefferson's projected enrollment was 359. In SY2021-22, the school's projected enrollment is 389, an increase of 30 students. As a result, the school is receiving 1.4 additional general education teachers. Due to a change in the number of students receiving specialized instruction services and the hours of instruction prescribed in their Individualized Education Programs (IEPs), Jefferson requires one additional inclusion teacher, resulting in an increased allocation of staff members. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving one additional social worker.

NEW: Jefferson will also receive additional stimulus funding in the approximate amount of \$208,439 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.
