Year-To-Year Budget Notes

LaSalle-Backus Elementary School's initial formula allocation is \$6,887,664. This is a decrease of \$295,643 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, LaSalle-Backus' projected enrollment was 347. In SY2021-22, the school's projected enrollment is 252, a decrease of 95 students. In SY2021-22 LaSalle-Backus will complete its school transformation from an education campus to an elementary school. As a result, the school is receiving four fewer general education teachers. The school is no longer serving middle school students, thus is no longer receiving middle grade initiative funding. Due to changes in self-contained programming, LaSalle-Backus will house two fewer self-contained special education classrooms, resulting in a decreased allocation of staff members. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving one fewer social worker. LaSalle-Backus is receiving \$1,190,574 in stabilization.

NEW: LaSalle-Backus will also receive additional stimulus funding in the approximate amount of \$115,898 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.
