Year-To-Year Budget Notes

Marie Reed Elementary School's initial formula allocation is \$8,403,375. This is an increase of \$38,800 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, Marie Reed's projected enrollment was 468. In SY2021-22, the school's projected enrollment is 457, a decrease of 11 students. Due to a decrease in projected English Learner (EL) enrollment, the school is receiving 1.5 fewer EL staff allocations. Rising position costs contribute to the increased overall allocation in SY2021-22. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving one additional social worker.

NEW: Marie Reed will also receive additional stimulus funding in the approximate amount of \$178,090 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.

Level 3 (L3): Flexible - These allocations are optional and may be budgeted at the principal's discretion.
