Year-To-Year Budget Notes

Ross Elementary School's initial formula allocation is \$3,169,246. This is an increase of \$119,179 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, Ross' projected enrollment was 184. In SY2021-22, the school's projected enrollment is 181, a decrease of three students. Rising position costs contribute to the overall increased allocation in SY2021-22. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving 0.5 additional psychologists.

NEW: Ross will also receive additional stimulus funding in the approximate amount of \$50,000 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.
