## Year-To-Year Budget Notes

Tyler Elementary School's initial formula allocation is \$7,874,987. This is an increase of \$251,257 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, Tyler's projected enrollment was 541. In SY2021-22, the school's projected enrollment is 547, an increase of six students. Tyler requires two additional general education teachers due to limits on average classroom size. Due to changes in self-contained programming, Tyler will house one fewer self-contained special education classroom, resulting in a decreased allocation of staff members. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving one additional social worker.

NEW: Tyler will also receive additional stimulus funding in the approximate amount of \$261,115 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.
