Year-To-Year Budget Notes

H.D. Woodson High School's initial formula allocation is \$10,904,478. This is a decrease of \$305,378 compared to last year. School budgets are primarily driven by two factors: enrollment and unique student need. In SY2020-21, Woodson's projected enrollment was 505. In SY2021-22, the school's projected enrollment is 487, a decrease of 18 students. The Comprehensive Staffing Model allocates more teachers at the 9th and 10th grade levels than at the 11th and 12th grade levels to help schools meet the high school scheduling requirements. Woodson's enrollment is decreasing by 75 students in 9th and 10th grade combined and at the same time the school is gaining 57 students in 11th and 12th grade combined. Because of the large decrease at the 9th and 10th grade levels, fewer teachers are being allocated at these grade levels. Due to changes in self-contained programming, Woodson will house one additional self-contained special education classroom, resulting in an increased allocation of staff members. Based upon DCPS' school mental health allocation model, which considers individual student service needs (e.g., special education and 504 service hours), as well as specialized programming, the school is receiving one fewer social worker. Woodson is receiving \$961,895 in stabilization.

NEW: Woodson will also receive additional stimulus funding in the approximate amount of \$308,622 to provide supplemental services to accelerate learning recovery and support students' social-emotional development. These funds are not included in the initial formula allocation total.
