## Year-To-Year Budget Notes

This narrative describes the change from Benjamin Banneker High School's FY23 submitted budget to their FY24 initial allocation. FY23 submitted budgets include one-time funds (FY23 Mayor's Recovery and Hold Harmless funds), and changes made by principals and school communities from their initial allocation to tailor their resources to their student population. Banneker's initial FY23 allocation and submitted FY23 budget are included on the [dcpsbudget.com](http://dcpsbudget.com) website.

Benjamin Banneker High School's initial FY24 formula allocation is \$7,193,144. This is an increase of \$543,253 compared to the FY23 submitted budget. School budgets are primarily driven by two factors: enrollment and unique student need. In SY22-23, Banneker's projected enrollment was 564. In SY23-24, the school's projected enrollment is 587, an increase of 23 students. Based on DCPS' school mental health allocation formula, which considers individual student service needs (e.g., special education and 504 service hours), and specialized programming, Benjamin Banneker HS is receiving 0.5 additional psychologists and 2 additional social workers. Banneker is receiving 0.5 more special education educators due to an increase in students with IEPs and/or students served in self-contained classrooms. Banneker is receiving \$2,818 per student eligible for at-risk funding, bringing their total At-Risk Supplement to \$450,870. Banneker is slated to be designated a Title I school and is receiving \$96,998 of Title I Schoolwide funds.

Security funds were excluded from school budget allocations since FY22. Security funds will continue to be managed centrally in FY24. Thus, there is no impact to the school's year-over-year comparison. Banneker is also receiving \$71,500 in FY24 ESSER III funding. This funding is not included in their budget total because these funds are one-time and supplemental to the school's annual DCPS formula funds. Schools were able to request ESSER III funds to sustain their evidence-based acceleration programming.

## High School Budget Model Allocation

The table below provides a detailed accounting of the resources initially allocated to this school.

## Levels of Flexibility Key

**Level 1 (L1):** Required - Rarely flexible - Any shift in the allocation will maintain the intended purpose of the original allocation.

**Level 2 (L2):** Flexible with Petition - Principals may petition to repurpose the allocation and must demonstrate how they will meet related programmatic requirements, as applicable.

**Level 3 (L3):** Flexible - These allocations are optional and may be budgeted at the principal's discretion.
