

FY26 Initial Allocation Worksheet: Patterson ES

Budget Updates for FY26

DC Public Schools (DCPS) Fiscal Year 2026 school budget allocations prioritize classroom teachers, ensuring that funding for teaching and learning is paramount in a tight financial landscape. School budget worksheets reflect projected student enrollment and factor required teacher-to-student ratios across the district.

As you review your school's allocation, please note the following:

- A School Sustainability Fund has been established to ensure schools can afford the appropriate number of classroom teachers.
- DCPS is working to optimize class sizes districtwide while recognizing each school's unique needs.
- This year's budget accounts for inflationary pressures and increased labor costs, which impact buying power year over year.
- While principals maintain autonomy over certain budget decisions (flexible funds), parameters are outlined further in the worksheet to ensure adequate staffing remains in alignment with enrollment and teacher-to-student ratios.

School budget worksheets provide a starting point for your school's budget planning process; difficult choices and trade-offs may be required to balance priorities within available resources.

Year-Over-Year Budget Overview

BUDGET COMPARISON	DOLLAR AMOUNT

FY25 Approved Budget Submitted budget plus any allocated additional funds	\$7.2M
YOY Change FY26 Initial Allocation - FY25 Approved Budget	\$1.0M

Year-Over-Year Budget Notes

Patterson's FY26 initial formula allocation is \$8,213,141. This includes \$610,731 in School Sustainability funding. The FY26 initial allocation is an increase of \$1,018,928 compared to the FY25 final approved budget. The FY25 final approved budget also includes any additional funds added by the DC Council or DCPS budget assistance. For more information, please see the "YOY Changes by Allocation Type Table."

Key factors and inputs that impact YOY changes:

Underlying all school budgets are key budget drivers including student enrollment changes and position cost increases. In SY25-26 (FY26), teacher costs are increasing by 3.7%. In FY26, the per student base weight did not change from FY25 and remains at \$7,180. For SY25-26 (FY26), the school's projected enrollment is 259, an increase of 1 students. Patterson is also projected to increase in students with IEPs by 23 students and is not projected to change in enrollment of multilingual students. This change in projected enrollment at the whole school level and across sub-groups leads to an increase in the student-based funding, including targeted weights. The "YOY Changes by Allocation Type" table has additional year over year details based on the four ways the DCPS funding model allocates funds.
