## Year-To-Year Budget Notes

This submitted budget worksheet reflects how Garfield Elementary School's principal and school community aligned and tailored their FY27 (SY26-27) allocation to meet the needs of their student population.

Garfield's FY27 submitted budget is \$7,071,792 in total school resources. This is an increase of \$45,361 compared to Garfield's FY27 initial allocation. During budget development, Garfield received \$45,361 in budget assistance for additional resources. Compared to their FY26 (SY25-26) approved budget, Garfield's submitted budget total is an increase of \$770,806. The FY26 approved budget includes supplemental funds, including any funds awarded by DC Council.

School budgets are primarily driven by projected enrollment, specific student needs, school programming, position costs, and community input. As noted in the SY26-27 (FY27) initial allocation worksheet, the school's projected enrollment is 304, an increase of 34 students. Garfield is also projected to decrease in students with IEPs by 2 students and is projected to increase in the number of multilingual students by 1 students.

DCPS operated funds, at the school- and central-level, are coded under agency code GA0. Non-local funds for school resources, like Title funding such as Title I, Title II, and Title IV-B are coded as GD0 because they are ultimately loaded onto OSSE's budget and not DCPS's. This budget worksheet includes school budgeted items funded under both GA0 (DCPS) and GD0 (OSSE); however, in the Mayor's budget book as found on [cfo.dc.gov](http://cfo.dc.gov), school profiles separate school budgeted items under GA0 and GD0 into different sections.
